HURRY! SALE ENDS
3/31/2021

Opener blades on Great Plains drills are allowed up to 1/2" wear (1" total wear outside to outside) before replacement.

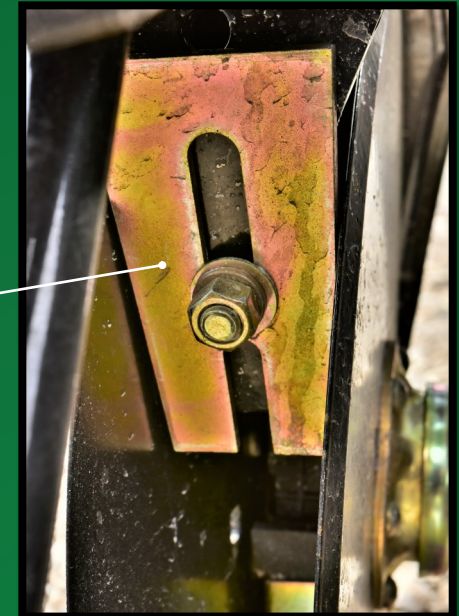

*The standard opener blade is 13.5" diameter

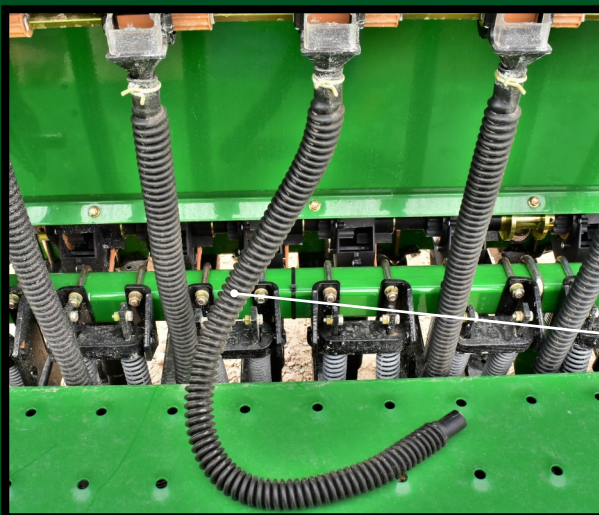

Coulter blades on Great Plains drills and tillage equipment are allowed up to 1" wear (2" total wear outside to outside) before replacement.

Scrapers help to keep the opener blades clean, but can wear out needing replacement.

To prevent seed loss, check to make sure seed tubes are not weather cracked, rotted, or otherwise damaged.

CHECK OUT THE MASSEY FERGUSON 2600 SERIES

www.masseyferguson.us

Is it a loader? A mower? A grader? A tiller? The Massey Ferguson 2600 Series tractor is all those things and more. And it's the toughest in its class. There's almost no job this rugged utility tractor can't handle around the spread. Big loads in tight places, big acreage in wide open spaces. Stop in for a demo. Then rig it the way you need it with a wide range of Massey Ferguson attachments, and see how handy this tough little so-and-so can be.

Powerful. Practical. Productive.

MASSEY FERGUSON
